

Thank You, President Bush

Mr. President, we thank you for your leadership in the war against terror, in the war in Afghanistan, and in Iraq. Thank you for seeing the connection between our own self-defense and the liberation of more than 40 million Iraqis and Afghans. And thank you that our soldiers protected innocent life in enemy territory more so than did the opposing governments.

Mr. President, the hardest part lies ahead. Now, we ask you to bring the same moral clarity to the killing of more than 40 million unborn children in our own country. To remove the speck from our neighbor's eye, Jesus said we must take the log out of our own. Millions of Christians have voted for you as a pro-life governor and president. Yet you select pro-choice judges and high officials. Your legacy will depend on how you confront the killing of innocent children here in America. Every day, abortionists kill hundreds of babies old enough to suck their thumbs who are still in their first trimester. And abortionists kill these babies without real opposition from you. Of course, when a mother's life is at risk, a doctor can remove the baby without purposely killing it. So please, Mr. President, do the right thing and fight against the intentional killing of all unborn children, regardless of the political risk to you.

Sincerely,
Your brothers and sisters in Christ
